

# Chiropractic Price List

**Initial Consultation & Report of Findings      £80**

**Maintenance Visit / Treatment      £48**

**Re-Consultation      £80**  
(over 2 years since your last visit) \*

**Re-Examination      £80**  
(over 12 months since your last visit (£32 consultation and £48 treatment) \*)

**Newborn Assessment (0-12 months)      £60**

**Memberships and packages are also available (to save you money) - please ask at reception for more information**

\*If you haven't been in over a year we will need to perform a reassessment. This is because a lot can change in 12 months or more. You may have had a change in lifestyle, health matters and medications and may have accumulated injuries. Treatment is included in this appointment.

After two years, you will be treated as a new patient again and go through a full case history, examination, treatment plan and report of findings. Treatment may be included in this visit. We need to check that you are still suitable for chiropractic care. It is our duty to make sure you are safe in our hands.

**We expect payments to be made in full at the time of your visit either by card or cash (no cheques sorry).**

Please refer to our Insurance Payment Notice if you have health insurance or ask one of the reception team.
